EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Benjamin Prebyl on 8/20/07.

The application has been amended as follows:

IN THE CLAIMS

Delete claims 1-9 and 12-14 and 16-20.

2. The following is an examiner's statement of reasons for allowance: None of the prior art was found to teach or render obvious the present claimed process, particularly where the shell is polymerized from the acid and the hydrophilic monomers in an aqueous solution, the claimed core monomers are adding to the aqueous solution of the shell polymer while the shell polymer is in an unneutralized state and subsequently polymerizing the core monomer mixture while simultaneously adding a pH adjuster to the reaction mixture, to form a synthetic resin emulsion.

Thus claim 10, 11, 15, and 21-23 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
